The Bioarchaeology of Individuals

By -

University Press of Florida. Paperback. Book Condition: New. Paperback. 304 pages. Dimensions: 9.2in. x 6.2in. x 0.6in. Harnessing the concept of the power of one, this book guides the reader into the past using carefully woven biographies rich in detail and scope. --Anne L. Grauer, Loyola University, Chicago The populational approach to bioarchaeology tends to be monochrome in its efforts to answer broader research-oriented questions. This volume splashes the past with color through a select group of individuals who actually experienced it. --Margaret A. Judd, University of Pittsburgh From Bronze Age Thailand to Viking Iceland, from an Egyptian oasis to a family farm in Canada, The Bioarchaeology of Individuals invites readers to unearth the daily lives of people throughout history. Covering a span of more than four thousand years of human history and focusing on individuals who lived between 3200 BC and the nineteenth century, the essays in this book examine the lives of nomads, warriors, artisans, farmers, and healers. The contributors employ a wide range of tools, including traditional macroscopic skeletal analysis, bone chemistry, ancient DNA, grave contexts, and local legends, sagas, and other historical information. The collection as a whole presents a series of osteobiographies--profiles of the lives of specific individuals...
