University of Wisconsin Press, Madison, 2014. Hardcover. Book Condition: New. 264 pages. Hardcover with dustjacket. New book. POLITICAL SCIENCE. Is there an American culture? Certainly, says James Morone. Americans are fighting over it now. They have been fighting over it since the first Puritan stepped ashore. Americans hate government (no national health insurance!) and call for more of it (lock em up!). They prize democracy (power to the people) and scramble to restrict it (the electoral college in the 21st century?). They celebrate opportunity—but only for some (don't let those people in!). Americans proclaim liberty then wrestle over which kind—positive (freedom from want) or negative (no new taxes!)? In this volume Morone offers his own answer to the conundrum of American political culture: It is a perpetual work in progress. Immigrants arrive, excluded groups demand power, and each generation injects new ethnicities, races, religions, ideas, foods, entertainments, sins, and body types into the national mix. The challengers—the devils we know—keep inventing new answers to the nation's fundamental question: Who are we? "How good it is to have this collection of bracing essays by one of the most imaginative scholars of the American experience. Ranging across a wide range of ideas, personalities, events, policies, and ethical challenges, *The Devils We Know* offers the gift of clarifying crucial conundrums and contradictions in American political culture." —Ira Katznelson, author of *Fear Itself: The New Deal and the Origins of Our Time* "A landmark book. Morone stands out -- yet again -- as a pioneer in melding American political thought and political development. In this collection, Morone reworks Louis Hartz to produce a mesmerizing new synthesis of America's kaleidoscopic political culture -- one that despises government but embraces Social Security and Medicare, tolerates stinging racial and income disparities even as it sings the praises..."
