### ***Reviews***

*This published publication is fantastic. it had been writtern very perfectly and useful. Once you begin to read the book, it is extremely difficult to leave it before concluding.*  
*(Junius Herman)*

## GAINING THE HIGH GROUND OVER EVOLUTIONISM

iUniverse.com. Hardcover. Book Condition: New. Hardcover. 212 pages. Dimensions: 9.0in. x 6.2in. x 0.9in. The controversy surrounding the origin of the universe, earth, and all living things is an ongoing debate in the public sphere. In *Gaining the High Ground over Evolutionism*, author Robert J. OKeefe presents analysis leading to the realization that to obtain knowledge of origin is also to discover the origin of knowledge. *Gaining the High Ground over Evolutionism* recognizes the ideological nature of the topic of origin. It steps out of the realm of science and begins to deal with the question by reviewing the scientific revolution and its implications in Western thought, studying the interpretation of Genesis 1, and describing relevant aspects of the history of geology, biology, and astronomy. OKeefe summarizes science as a means of gaining knowledge and discusses the scientific method as it is applied to natural history. He examines how the court system has dealt with the controversy; draws points from C. S. Lewis's argument against naturalism; and then confronts the ideology behind evolutionary science, the philosophy of naturalism, presenting what he sees are the best arguments against it. Finally, he summons back the grounds for the authority of the Bible and discusses the partnership of reason and faith. Expanding the scope of inquiry beyond the confines of science, OKeefe shows that the idea of a creator needs to be attended with more seriousness than post-Enlightenment science and philosophy have ever thought necessary. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Hardcover.
